EXTENDED LIFE COOLANT

\$11.95

with case purchase

\$1 Loyalty Coupon Applied to listed price

DID YOU KNOW?

1 Million Miles of Protection – No Additives Needed

TRP® Extended Life Coolant is engineered to last up to 1,000,000 miles or 8 years without the need for supplemental coolant additives (SCAs) or extenders. That's 3-5 times longer than conventional coolants

Advanced Organic Additive Technology (OAT)

Unlike traditional coolants that rely on mineral inhibitors, TRP® ELC uses Organic Additive Technology (OAT) to prevent corrosion and scale buildup. This ensures better heat transfer, longer water pump life, and no abrasive solids that can damage your engine
